National Cheng Kung University

Brief history

- 1931 – Founded as “Tainan Technical College”
- 1946 – “Taiwan Provincial College of Engineering”
- 1956 – “Taiwan Provincial Cheng Kung University”
- 1971 – Renamed as “National Cheng Kung University”

- Colleges: 9
- Departments: 43
- Institutes: 39
- Degree programs: 8
- BS programs: 44
- MS programs: 101
- Doctoral programs: 55

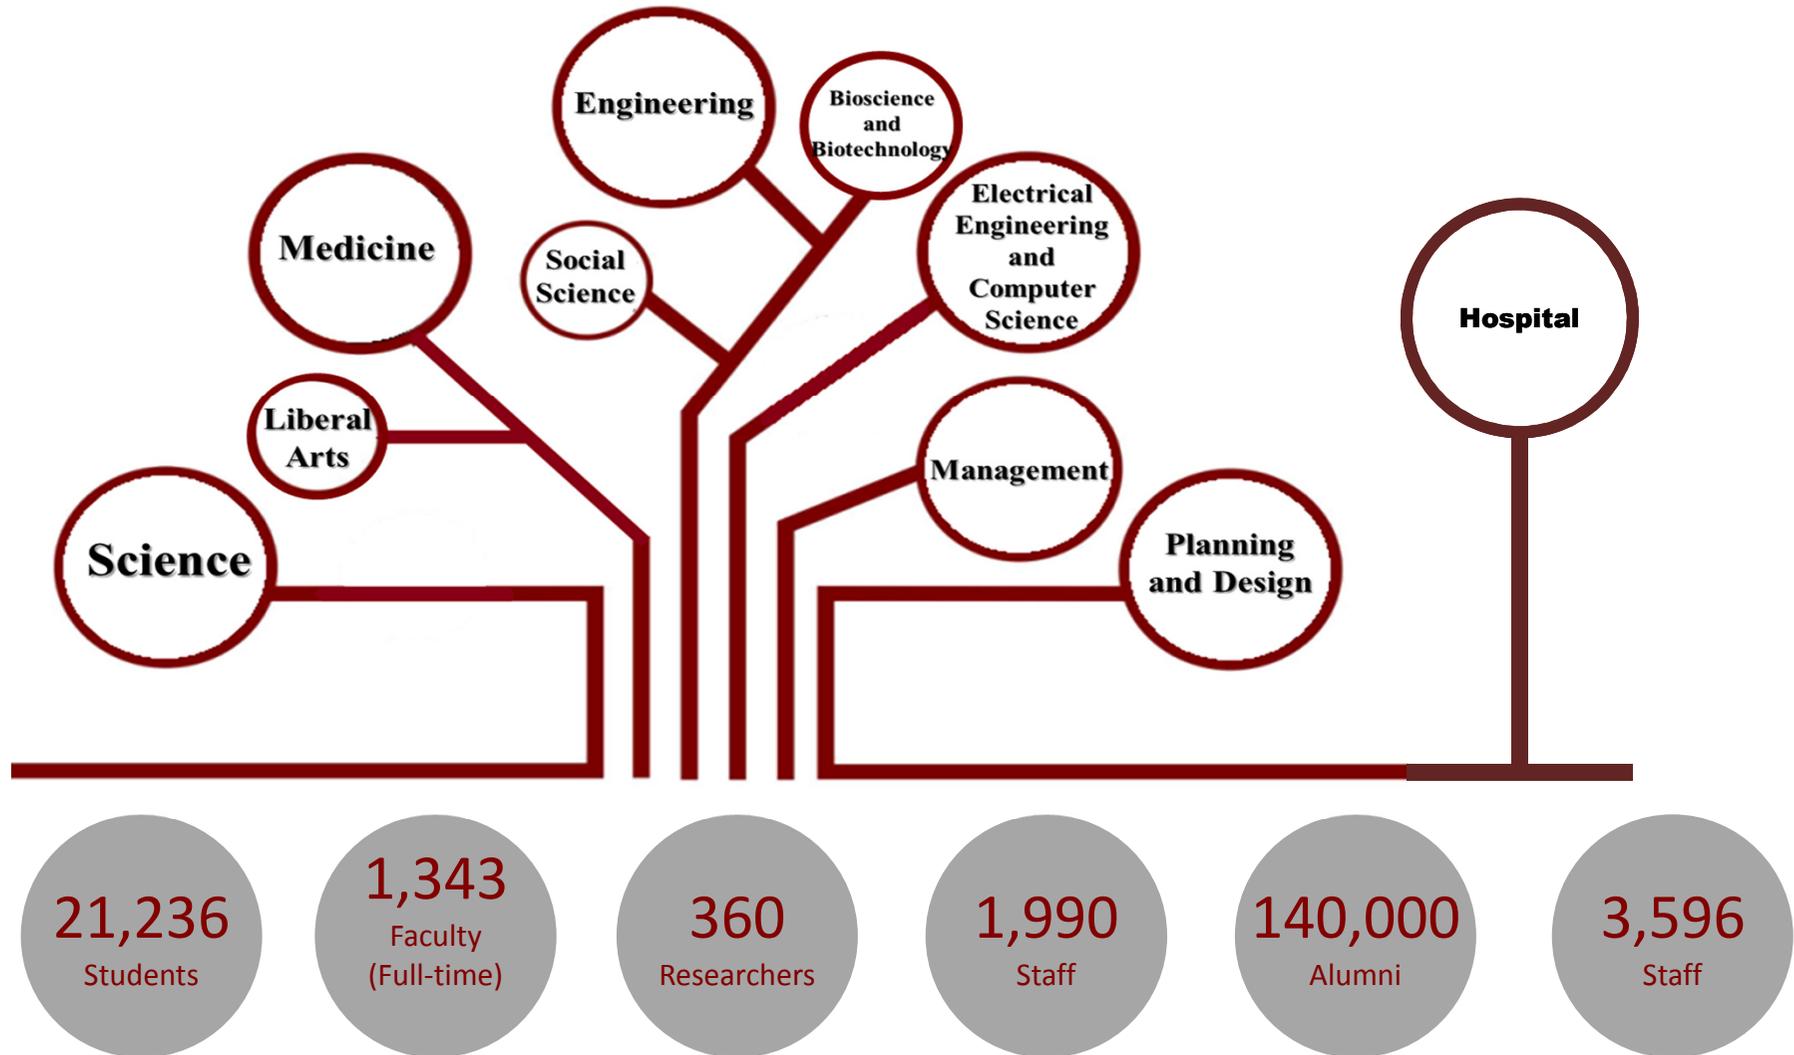

- **Enrollment : 21,236 (2016 spring)**
 - **Faculty: 1,343**
 - **Research faculty: 360**
 - **Alumni: over 130,000**
 - **Area: 187 hectares (461.9 acres)**
 - Main campus: 83 hectares (205 acres)
 - An-Nan campus: 73 ha (180.3 acres)
 - Gueiren campus: 26 ha (64.2 acres)
 - Dou-Liu campus: 5 ha (12.4 acres)
- (100 ha=1 km², 1 ha=2.47 acres)

Double Degree Program of Power Engineering, since 2009

Eligibility: Master's students in the field of powering engineering from BTU and NCKU

Year	Type	Host	Receiving unit
1 st year	Course work	BTU	Master's program of Power Engineering
2 nd year	Course work & Thesis	NCKU	Master's program of the Department of Electrical Engineering OR the Department of Mechanical Engineering

Goal:

Awards of Master of Science from BTU AND Master of Science from NCKU in 2 years.

Double Degree Program of Power Engineering, since 2009

From BTU to NCKU

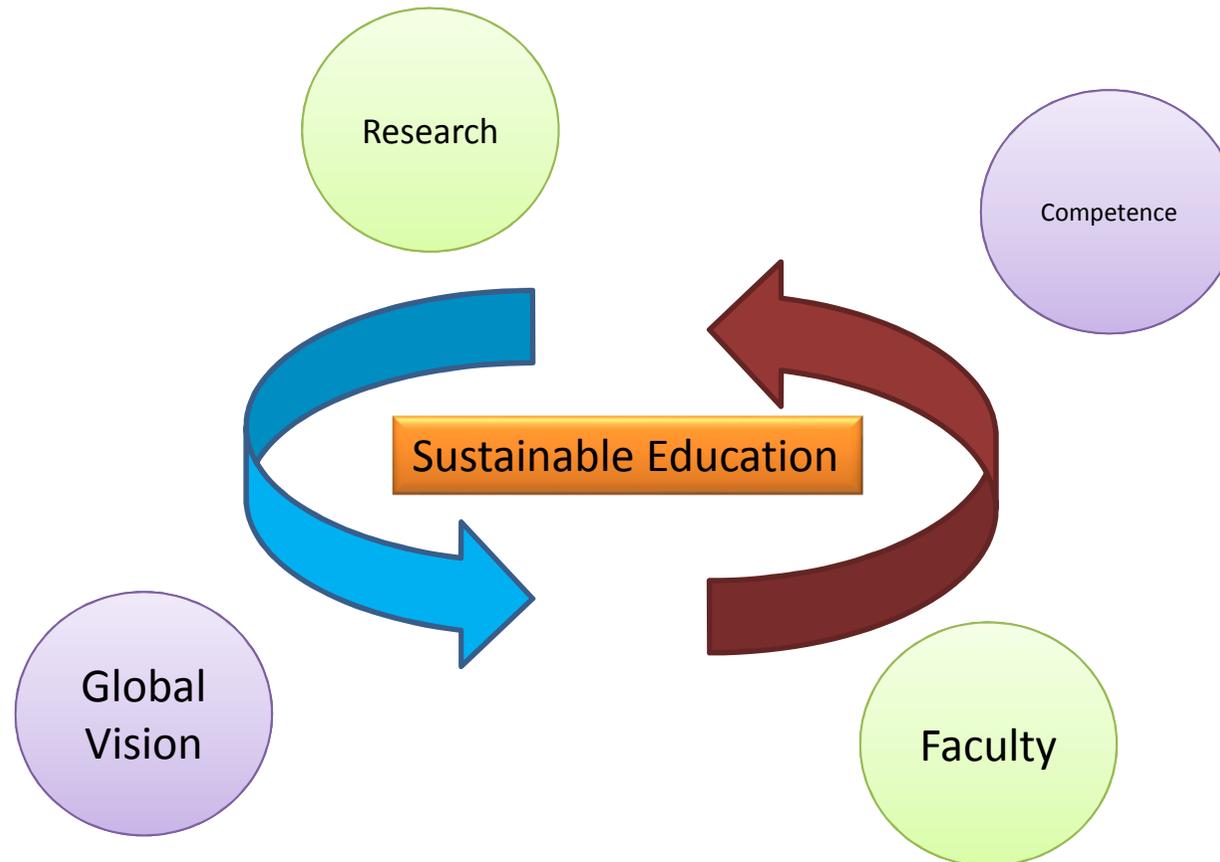

Graduates	
3	
AY2012	AY2015
2	1
Currently Enrolled (AY2016)	
1	
Total	
4	
Electrical Engineering (at NCKU)	
Male	Female
2	2

Dynamic Bilateral Student Exchange for Degrees

Dean Wei-Chou Hsu's remark

College of Electrical Engineering & Computer Science

It is a good match!

This Double Degree Program has been initiated when I was the Chairperson of the Double E Department. I would like to thank Prof. Schwarz and the BTU for providing this very good double degree program to the two sides of NCKU and the BTU. The Power Engineering at BTU has high reputation in Germany. And also the Powering Engineering of double E at NCKU is the best in Taiwan. It is a good match.

Dean Wei-Chou Hsu's remark

College of Electrical Engineering & Computer Science

Prof. Dean Hsu, Wei-Chou, NCKU, Taiwan

OUR STUDENTS C.H. Lin (AY2014 at BTU) & Jan H. (currently at NCKU)

C.H. Lin (AY2014 at BTU)

Everything is possible!

BTU is a very international university. They provide very practical courses and very flexible. The city of Cottbus is a very comfortable place to live. The air is very fresh. People there are willing to talk with you. You can meet all the international students there. BTU provides a very friendly environment for people to meet. It is a small town. Everything is possible. The best thing is that you can experience the culture and the teaching system in German, different from Taiwan. You take responsibility for yourself.

Jan H. (currently at NCKU)

This is a great chance for me!

The study environment is very good here, because everybody has a supervising professor, which gives us an opportunity to have a close relation to our supervisor and get like a lot of knowledge about a specific research topic.

I like the academic level of research here. Sometimes it is intense. It is a lot of workload, but I can really learn a lot.

This is a great chance for me, personally also for my future career. I learn how to deal with the situations in a foreign country in different cultures. That teaches us a lot.

Highly Recommended!
