

The DIES Information Visit between

Rectors of Iranian and German Universities

October 2018

Professor Hossein Salimi

President of Allameh Tabataba'i University

Introduction of the Notion of the UNIVERSITY

Wilhelm von Humboldt

Global Knowledge Network
Main concept for promoting cooperation between universities
There is no hierarchy in the system of knowledge

Iran -Germany Relation in the History

- Nasser alDin Shah of Iran had a visit to Germany
- An MoU was signed with Wilhelm I

The thought environment in Iranians academics is extremely influenced by German philosophers and theoreticians

- Now the condition for more educational and research cooperation between two countries is ready in various fields like:
 1. Social work
 2. Psychology
 3. Communication science
 4. MBA and DBA
 5. Cultural studies
 6. Regional studies
 7. International relations
 8.
