offered in a variety of voices - some detailing theoretical, conceptual, sociohistorical, and globalized meanings of diversity; some highlighting college personnel narratives around social justice and equity; and some illustrating identity politics and provocative topics among students, faculty, and staff that continue to present formidable challenges to collegiate equity agendas. The intent is to both question existing efforts to diversify and make inclusive collegiate contexts; to present new frameworks of thinking about diversity, equity, and inclusion; and to identify and detail policy and practice implications.
