**Abstract**

This edited volume introduces readers to the relationship between higher education and transnational politics. It shows how higher education is a significant arena for regional and international

06.6.2026

transformation as well as domestic political struggle replete with unequal power relations. Drawing on case studies from across the Middle East, Asia, Africa, Latin America, and Europe, the contributors develop diverse perspectives explaining the impact of transnational politics on higher education?and higher education on transitional politics?across time and locality. This book is among the first multi-disciplinary effort to wrestle with the question of how we can understand the political role of higher education, and the political force universities exert in the realm of international relations.
