**Abstract**

Understanding Community Colleges provides a comprehensive review of the community college landscape?management and governance, finance, student demographics and development, teaching and learning, policy, faculty, and workforce development?and bridges the gap between research and practice. This contributed volume brings together highly respected scholars in the field who rely upon substantial theoretical perspectives?critical theory, social theory, institutional theory, and

organizational theory?for a rich and expansive analysis of community colleges. The latest text to publish in the Core Concepts in Higher Education series, this exciting new text fills a gap in the higher education literature available for students enrolled in Higher Education and Community College graduate programs.
